

Bulk Buy Compost

In early March CLEAN took delivery of 5 pallets of compost and other garden products at St. Mary's which it had organised for members of the **Crosthwaite Gardening Group**.

On the same day members of the group collected their orders and, in the process, saved on the cost of the products and reduced their carbon footprint by collecting it in the village.

CLEAN plans to repeat the process next year, if you want to join the Crosthwaite Garden Group contact Jenny Waldron on 07900 508941.
