The planned meeting with the Parish Council on 17th Jan at 7.30pm was discussed in some detail, and an agenda for this meeting drawn up.

It was agreed that a Neighbourhood Plan would benefit the Parish Council and the community as a whole by providing:

- a stronger position for discussion with the Lake District National Park and SLDC/CCC regarding any proposed changes in the parish;
- an objective baseline against which any proposals can be compared; and
- a clear view of the wishes of the villagers regarding the future of our parish.

Proposed agenda for the SG–PC meeting:

1. Welcome and Introductions
2. Process of creating a Neighbourhood Plan
3. Steering Group Remit
4. Communication
5. Rationale of the Visions working document
6. Where do we go from here?
